Tony,
I sent John Peyton pictures of the six Region 3 DL Offices open for EICs this past Saturday. Because of the pictures, it was a huge 10 MB file. If you want the pictures I can send you the huge file also. Let me know. FYI.

Subject: EIC sign photos asap

Joe,

Sorry to bug you on Saturday. I don't have Tony's or Paul's emails in my personal phone so hopefully you can get the word to them. We should send an email out asap to the DL offices posting EIC signage and require they take two photos of their posted EIC signage (1 closed up and 1 shot distance. They can email their photo jpegs to my DPS email so photos can be archived in my EIC folder in the event we ever need to produce them.

Tony sent out the notice to the offices to not drill holes in walls to hang signs.

Best

John
